## Who We Are

---

Established in 2004, Effective Global Solutions (EGS) has become one of the UK's leading companies in Manufacturing, Refurbishment and Distribution in the commercial sector delivering ISO 9001 quality approved products and services. The Management Team collectively have over 70 years of experience working within the UK and overseas. At EGS we pride ourselves on delivering high quality cost effective products and services to all our clients.

## What We Do

---

Effective Global Solutions successfully supplies and supports organisations in the retail, commercial, transportation and educational sectors. Its esteemed customer base includes many independent retailers, multi chain businesses and general convenience stores. We are Quality driven and competitive on costing through a varied cross-section of specialist industries - retail manufacturing, woodworking, metal work and plastics.

**From bespoke commercial goods and display units to garden and homeware, with cost engineered, innovative design and manufacturing techniques we bring our clients ideas and needs to reality.**

# Manufacturing

---

Our highly skilled manufacturing division can produce any equipment or product for the retail, office, home and garden sector adhering to ISO 9001. Whether in wood, metal or plastic and with our extensive range of specialist coatings and finishes for all woods.

Once we have established your requirements we can produce bespoke single units or mass produce dependant on your needs, such as: counters, multi-use display stands, coffee shop and restaurant furniture and accessories, school and office furniture, epos stands and monitor displays, bespoke homeware, furniture and garden products but to name a few.

- MOTORISED CHECKOUTS
- RETAIL & COMMERCIAL CHECKOUTS
- SALES DISPLAY UNITS FOR ALL PRODUCTS
- EPOS STANDS AND MONITOR DISPLAYS
- COMPUTER DATA STORAGE UNITS
- RUSTIC RANGE OF COUNTER AND DISPLAY UNITS

# Design & Development

---

We design, manufacture and refurb a range of products for the Retail, Educational, Leisure, Financial and Consumer sectors to name a few. Working alongside BS EN ISO 9001-2008 the design and development division provides customers with conceptual designs which can then be transferred into 3D solidworks layouts and visuals.

The division will then further assist you with material selections, finishes and the creation of a prototype in a selection of woods, metals and plastics.

- CONCEPTUAL DESIGN
- MATERIAL SELECTION & RECOMMENDATION
- 3D SOLIDWORKS
- LAYOUTS AND DRAWINGS
- PROTOTYPES

# Laser Applications

EGS's Laser Application division is equipped with the most effective and practical equipment to form, cut and engrave varied materials. Prototypes and small product runs are quickly and efficiently produced with our in house laser technology on most plastics and wood. Bespoke products can be manufactured from wedding stationary, In store navigational signage, Name plaques, Personalised engraved wooden wine crates and seasonal decorations to name a few. We also have the facility for refurbishment on all types of plastics, polishing, removing scratches, re coating and repairing to a good as new condition of moulded plastic parts. With this facility we can save our clients unnecessary costs by refurbishing and not having to purchase new replacement components.

- RAPID PROTOTYPING
- CUT AND FORM ALL TYPES OF PLASTICS
- ENGRAVE ALL TYPES OF MATERIALS
- REPLACEMENT LOGOS/ NEW VINYL'S
- POLISHING ALL PLASTICS TO AS NEW CONDITION
- RE-COATING AND REPAIRING MOULDED PLASTIC PARTS
